A Trying Time for Prof Croft Wow, this was another amazing Prof Croft adventure. Author Brad Magnarella reminds me of a Star Wars author, Drew Karpyshyn. He puts his characters through hell and they still find a way to save the day. A story doesn't work unless you are invested in the characters, and Brad does this so well.

Prof. Croft, Book #6 by Brad Magnarella This book was a great read. There were only two reasons I knocked off a star, but we'll address those later. Night Rune (Prof Croft Book 8) by Brad Magnarella

Wow, what a thrill ride in such a short amount of time. Professor Everson Crofton returns with two mysteries to solve, many twists and turns and the usual scars to prove it. While this novel is in a somewhat supernatural setting, it is a detective style mystery. I love the character of Professor Croft, a good guy trying to do the right thing.
