### Complementary and Alternative Medicine - Home - Navy Medicine

Complementary and alternative medicine (CAM) comprises a large number of therapies (e.g., acupuncture and chiropractic) that developed outside the conventional biomedical model of care. About one-third of the general population report using CAM either on their own (e.g., yoga) or through the services of a CAM provider (e.g., massage). While CAM is offered within the military health system, no systemwide data are available on its use.
