Complete Of Waiting

Waiting to become something else, waiting to be that person I always thought I was on the verge of becoming, waiting for that life I thought I would have. In my head, I was always one step away. In high school, I was biding my time until I could become the college version of myself, the one my mind could see so clearly.

The advantages of waiting six to eight weeks are that a patient will have dentures to wear soon after tooth removal, relines or remakes are not always required, and there are frequently fewer post insertion adjustments compared to immediate dentures. These advantages allow for a lower fee than that charged for immediate dentures.
