MD-80 Maintenance Manual

The first amendment to the DC-9 type certificate for the new MD-80 aircraft was applied as DC-9-81, which approved on August 26, 1980. All MD-80 models have since been approved under additional amendments to the DC-9 type certificate. In 1983, McDonnell Douglas decided that the DC-9-80 (Super 80) would be designated the MD-80.

McDonnell Douglas MD-80 - Wikipedia

The McDonnell-Douglas MD-80 (now produced in an updated form as the Boeing 717), Airbus A-320, and Boeing 737-300, for example, transport twice as many passengers per gallon of fuel than the DC-9 ...

MD-80

The MD-80 was easily beaten by other regional aircraft like the A320 series, the Boeing 737 MAX (which has caused a whole bunch of other problems for American Airlines) and the newer A220 series. Additionally, American Airlines cannot ignore the cost-benefit of having fewer variants in their fleet, saving expensive pilot training, certification ...

American Airlines MD-80 - A Complete History - Simple Flying

American Airlines (AA) grounded its entire fleet of Boeing-manufactured MD-80 aircraft, a total of around 300 planes [source: Aviation]. As a result, as many as 2,500 flights were canceled by the airline [source: CNN]. As the number of stranded passengers began to grow, AA scrambled to make other accommodations for them.

revised. Boeing Service Bulletin MD80-57A244, Revision 1, dated October 1, 2019, updates the inspection method and expands the inspection area.

Federal Register :: Airworthiness Directives; The Boeing ...

In 1983, the McDonnell Douglas Corporation decided that the DC-9-80 series would be designated MD-80. Again, the name MD-80 is used to describe the whole series of MD-8x aircraft. No aircraft has ever been certificated as DC-9-80 or MD-80. The Type Certificates were amended with the new MD designator in parenthesis, appearing as DC-9-81 (MD- 81).

Super 80 - Flight1

“The MD-80, also known as the Super 80, was the workhorse of the airline’s fleet throughout the 1980s and beyond, providing customers and team members with heartfelt memories on adventures ranging from family vacations to key business trips,” the statement read. “It’s a bittersweet but well-earned retirement as American celebrates the aircraft’s history while modernizing its fleet.”
