May 25th, 2019. The green wave across European and local elections is a clear signal that Irish people want urgent action to tackle the climate and biodiversity crises, Ireland's largest environmental coalition has said. The Environmental Pillar said today that it was a heartening experience for its member organisations to see the Irish people vote en masse for biodiversity and climate.

## **Environmentalists hail green wave sweeping Ireland**

For the first few decades following the foundation of the State, environmental issues were not on the agenda for many, least of all those in government. Ireland was comfortable with the notion that...
