Capital Project Definition - investopedia.com

Capital Projects Using Net Present Value Before you can use net present value to evaluate a capital investment project, you'll need to know if that project is a mutually exclusive or independent project. Independent projects are those not affected by the cash flows of other projects. Mutually exclusive projects, however, are different.

Net Present Value as a Capital Budgeting Method

Founded in 1987, Independent Project Analysis (IPA) is a benchmarking, research, and consulting organization devoted to the empirical research of capital projects and project systems.

Independent Project Analysis | LinkedIn

In capital budgeting projects are classified as independent or as mutually exclusive. A project is defined as independent if its cash flows are not conditioned by the acceptance or otherwise of other alternative projects. In this way, all independent projects that meet the criteria should be accepted and carried on.
