The continuation of the first book, Joel on Software, is also a set of articles from Joel's blog. Most of them are still relevant (business-related), some are relevant because software development stumbles upon the same problems again and again (history repeating), and a small part is old. flag Like · see review.

### **More Joel on Software: Further Thoughts on Diverse and ...**

Joel on Software covers every conceivable aspect of software programming—from the best way to write code, to the best way to design an office in which to write code! All programmers, all people who want to enhance their knowledge of programmers, and all who are trying to manage programmers will surely relate to Joel's musings.

### **Joel on software : and on diverse and occasionally related ...**

On Joel on Software Saturday, 21 September 2002 Last week, Joel “ Joel On Software ” Spolsky wrote an article arguing that there’s not much of a business case for developing Mac software. Not surprising, given that his company only develops for Windows, and that Mr. Spolsky formerly worked for Microsoft developing Windows software.
