Today, Northern Europe has a highly developed and varied economy.

Manufacturing and traditional economic activities such as fishing and forestry remain important. As is true in all developed countries, the service and information economies are growing.

## **Northern Europe - Geography**

northern Europe, although religious, was not dominated by the Church: this affects religious practices and the use or non-use of art for this purpose ... The goal appears to be one of making sacred symbols look like part of the natural world. This union of symbolism and realism is characteristic of many 15th-century northern European paintings.

History of Europe - History of Europe -  
The Iron Age: During most of the Middle  
and Late Bronze Age, iron was present,  
albeit scarce. It was used for personal  
ornaments and small knives, for repairs  
on bronzes, and for bimetallic items. The  
Iron Age thus did not start with the first  
appearance of iron but rather at the
