"We cannot force children to learn," says Ripp. "They have to be partners in their learning journey" (p. xix). This is not a "how to teach" book. Ripp makes a point of explaining that Passionate Learners is not a how-to book but a narrative about learning meant to inspire us. She lays out a number of other aspects of student-centered learning for us to consider, including giving up our reward-and-punishment systems, doing away with homework, and completely changing our current ...
