However, at the end of 'The Exiled Queen', I just found myself disinterested in what was happening with the characters. I still love Han and Raisa, but I find it a little irritating at this point that we are going into the third book in a four book series and the two main characters have barely (finally) meet each other.

### **Review: The Exiled Queen (Seven Realms # 2)**

Han is struggling with his new found magical abilities while Raisa is learning how to live a rough soldier's life away from the palace. Full of intrigue, magic and romance The Exiled Queen is a brilliant read. I really enjoyed getting back into the world of the Seven Realms.
