The Triumph T160 Trident was launched in 1975, in a desperate attempt to make the Trident model a success following the disappointing sales of the original T150 version, which was announced in 1968. Completely restyled and with more than 200 mechanical modifications, the T160 was the bike that belatedly dragged Triumph into the modern era.

Trident troubles. Q: I am approaching 95 percent completion in restoring my 1975 Triumph T160 Trident, and I have encountered a unique problem. With valves set, timing correct and all three Amal carbs synched, I drive slowly and she runs great. When I push her harder, as soon as I hit third gear she dies completely and every time I coast to the roadside.

Digressing slightly, the T160's style - including the tank and the clocks position - came from a Craig Vetter commission by BSA to restyle the T140 - Vetter dubbed it the "Bonneville TT". NVT inherited it but, Dennis Poore having decided to close Meriden and cease production of the oif, Jack Wickes adapted Vetter's work to the T160.
