Women's Ideal Body Types in the Last 100 Years - YouTube

Historically, a woman's body was her best survival tool in patriarchal societies; expectations about a woman's size and physical characteristics were dictated "by male desire and marriageability." 17 Therefore, a woman's body, appearance, and health were (and still are) heavily influenced by social and cultural ideologies, beliefs, and values as well as by technology. 18 In turn, these influences tend to work by restricting the notions of selfhood available to
